

Who are we?

Caritas Stavanger is the Catholic Church's aid organization, located in the heart of Stavanger!

The organization opened its doors in 2015, and was run solely by volunteers until 2016. We work to encourage integration through language training, assistance when applying for jobs, and help navigating different government agencies (NAV, Kommune etc.).

The organization is growing, and is constantly developing. In 2018 we opened Caritas Stavanger Au Pair center, in partnership with Caritas Norge, and with funding from UDI.

Caritas Norge

Caritas Norway's vision is a world where all people live in safe societies where their holistic human development and dignity are taken care of. Our work is inspired, and guided by the values and principles of the Church's social teaching. This coincides with and complements the universal human rights, and make up the overall foundation of our work.

The guiding principles of social teaching are: the inviolable dignity of man, holistic human development, social justice, solidarity, the management of the earth for the common good of all, as well as participation, subsidiarity and precedence for the poor. Caritas helps people based on their needs, regardless of their religious affiliation, ethnic origin or nationality.
